

MISSISSIPPI PARENTS FOR VACCINE RIGHTS

PO BOX 141 | PELAHATCHIE MS 39145 | MPVR.ORG

Vaxxed: From Cover-Up to Catastrophe, the documentary film they don't want you to see, can be streamed for \$3.99 at www.vaxxedthemovie.com or email msparentalrights@hotmail.com for a free DVD. (Subject line: Vaxxed request. One per clinic.)

RESOURCES & ACTION STEPS

Contact the U.S. Congressmen below & demand:

- That our U.S. Congress Subpoena Dr. William Thompson and investigate the dilatory investigation of fraud within the CDC
- That Congress repeal the 1986 National Childhood Vaccine Injury Act and hold manufacturers liable for injury and death caused by their vaccines.
- That the single Measles, Mumps and Rubella vaccines be made available immediately.
- That all vaccines be classified as pharmaceutical drugs and tested accordingly.

United States Congressman Jason Chaffetz (UT), Chairman of Government Oversight

DC Office: 202.225.7751
Utah Office 801.851.2500

Columbus Office: 662.449.3090
Tupelo Office: 662.258.7240
Farmington Office: 662.687.1525

Laws effecting required childhood vaccines are made at the *state* level. **Call your *state* legislators** and tell them you, as a physician, believe your patients' parents have the right to informed, voluntary consent; that *where there is a risk there must be a choice*. Find your state lawmakers at www.openstates.org.

Please support MPVR in championing legislation that restore and upholds the only barrier that comes between government, big corporate agendas and our vulnerable children — the parents. Visit www.MPVR.org to view our *Open Letter to Pediatricians*. There you can find our Talking Points, sign our petition, make a donation and explore other informative links and resources. (scroll to the bottom of the site)

Due to increased demand, MPVR has formed **Mississippi Healthcare Professionals for Informed Consent (MHPIC)**, where the best healthcare professionals in the state work to correct laws and policies that negatively impact employment based on vaccine status, in addition to advocating for parents' rights in regard to childhood vaccination. Learn more and **join MHPIC at www.MHPIC.org** or call MaryJane Guidry, RN, BSN at 601.408.2452 for more information.
